

2019 CSA GARDEN SHARE APPLICATION

To be fair, applications are accepted as they arrive with checks. Applications received after the garden shares are all filled for the season, will be kept as a waiting list for next season and those checks returned.

The 2019 season pick-ups will be on Wednesday from 3 pm - 7 pm at the farm. Our first pickup will begin on May 21 and our final pickup will be on October 1. Our price for a full garden share is \$600. You may share a share with another family by picking up every other week. Please complete an application for every family participating. We are also offering a flower share for the 20 week season for \$160. Please send this application with your check to the address at the bottom of the page.

For several years now, we have learned from the end of the season surveys that those who spend time participating or volunteering at the farm, understand, and value their shares more. According to our surveys, time spent is enlightening, enjoyable, and usually along side other sharers who are discovering what goes into producing fresh, organic food. You are not required to participate or volunteer. If you think you would like to participate or volunteer here are some of the actives you could participate in.

- Harvest the CSA garden with sharers (Wednesday Mornings) _____ (all season)
- Plant/water/transplant in the greenhouse _____ (before the season, then again in August)
- Plant/mulch/weed the flower gardens _____ (before and during season)
- Harvest gardens for seed crops, or farmer's Market _____ (busier later)
- Plant/Mulch/weed the CSA Gardens _____ (all season)
- Haymaking _____ (afternoon/evenings)
- Harvest chickens or turkeys _____ (specific dates)

In the true spirit of community, there are other opportunities at the farm as well. Extra hands helping with photography, marketing, event planning, and cooking expertise/recipes would be welcomed.
